WARM SOLUTION

Easy Warm & Healthy Life

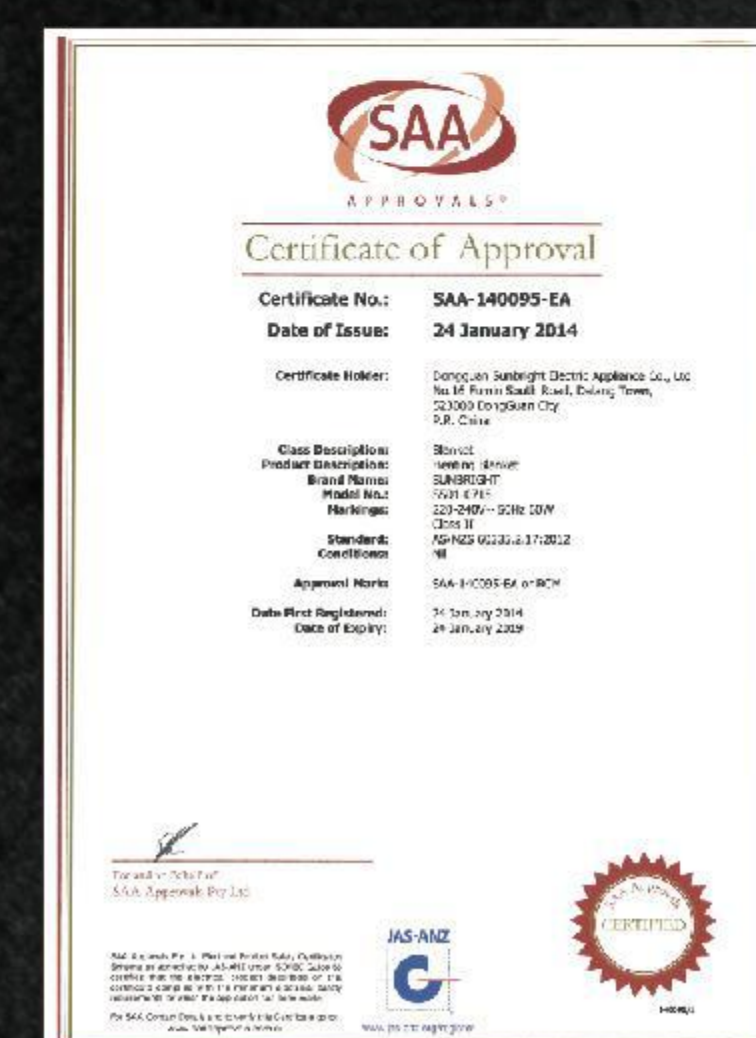

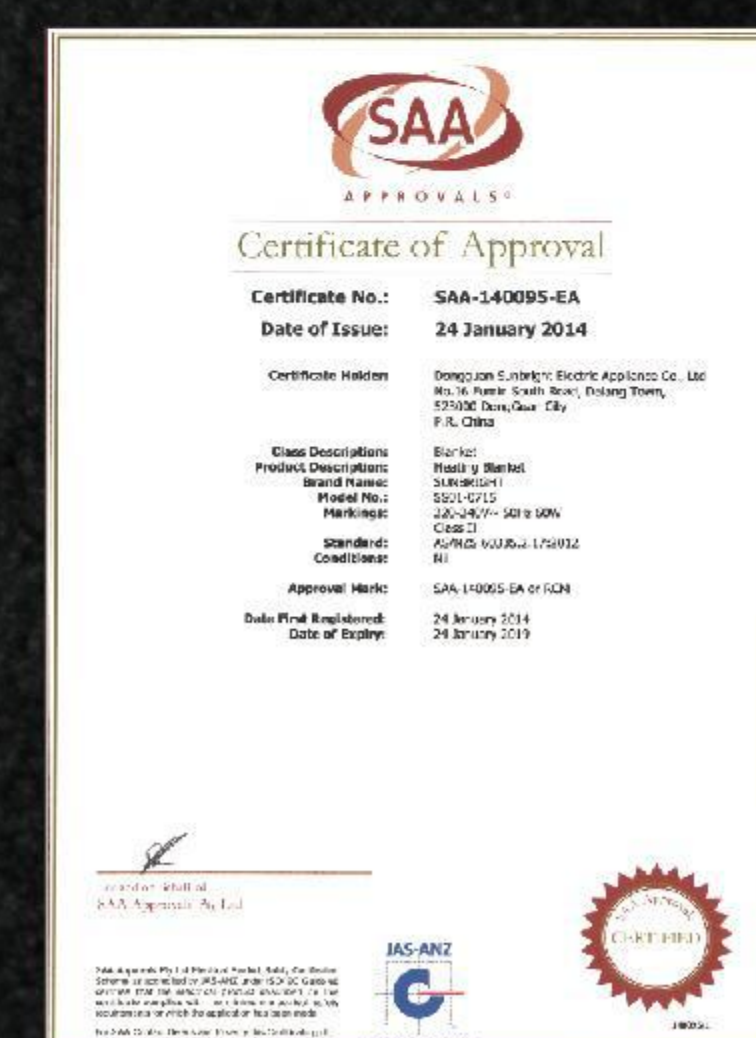

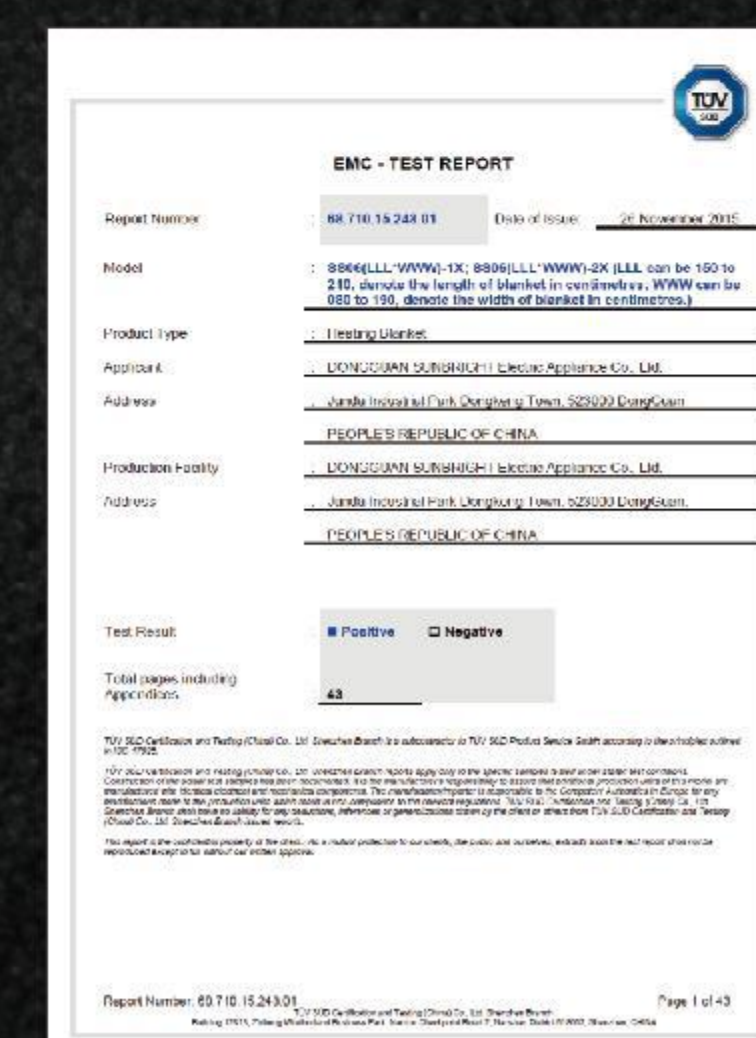

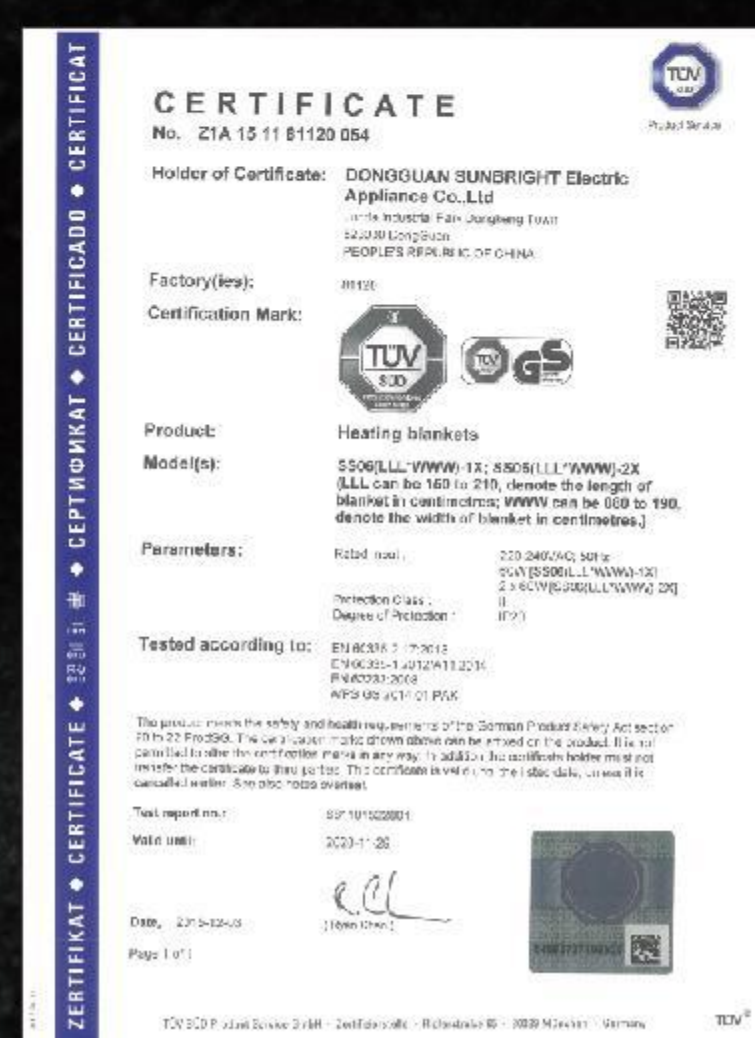

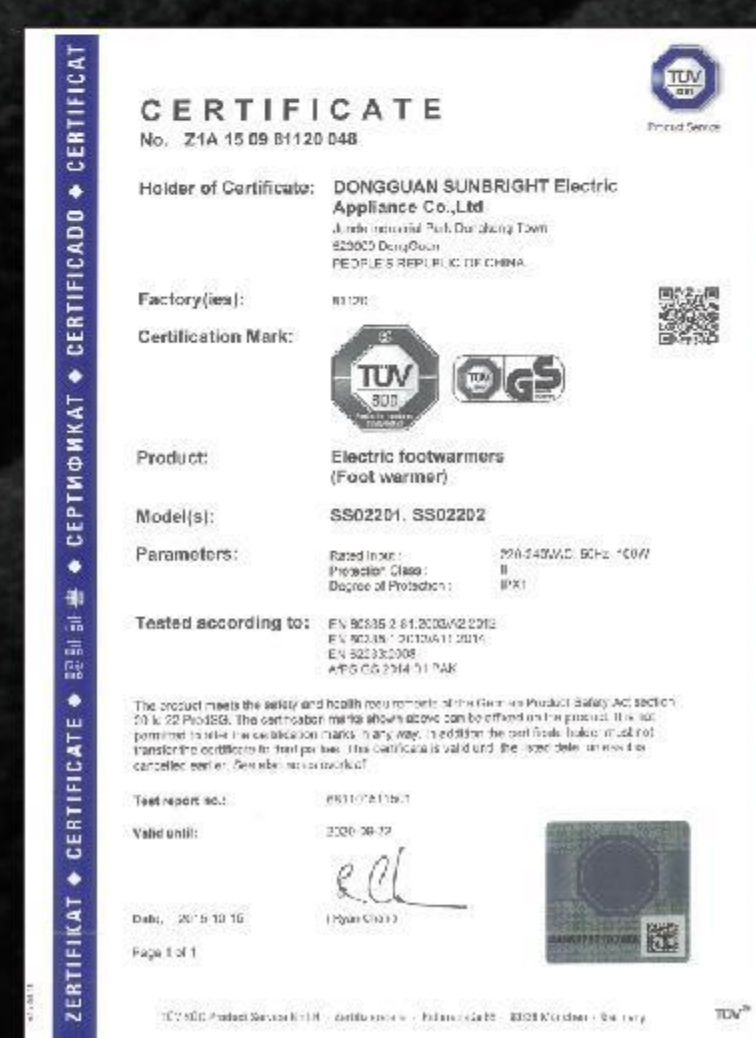

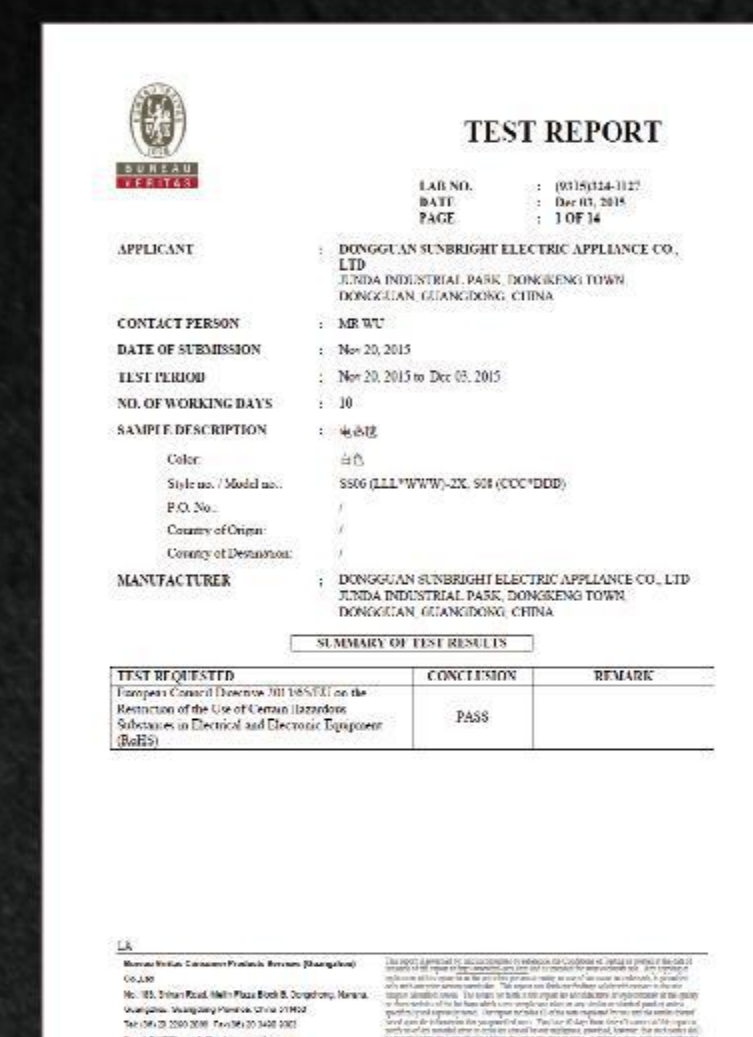

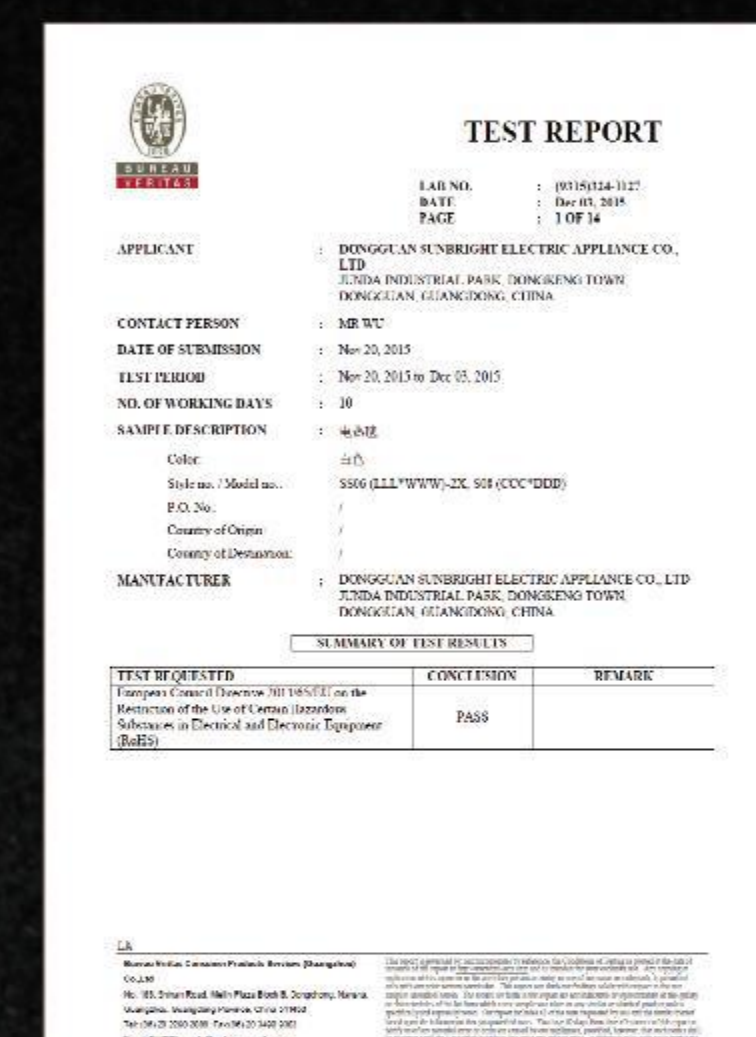

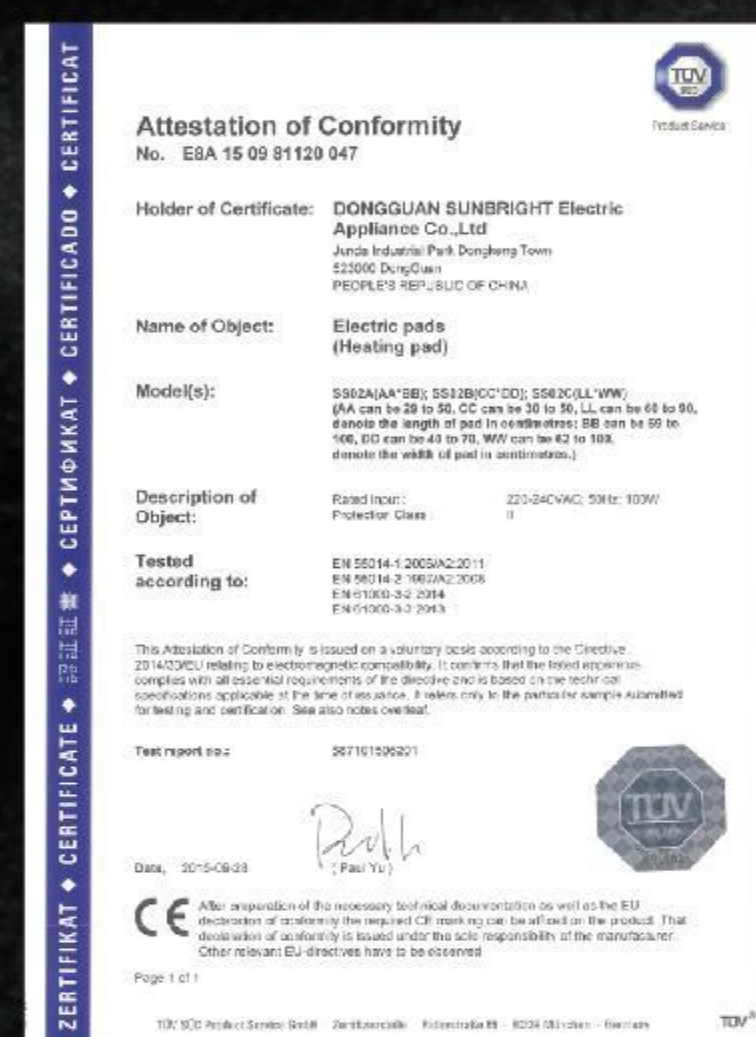

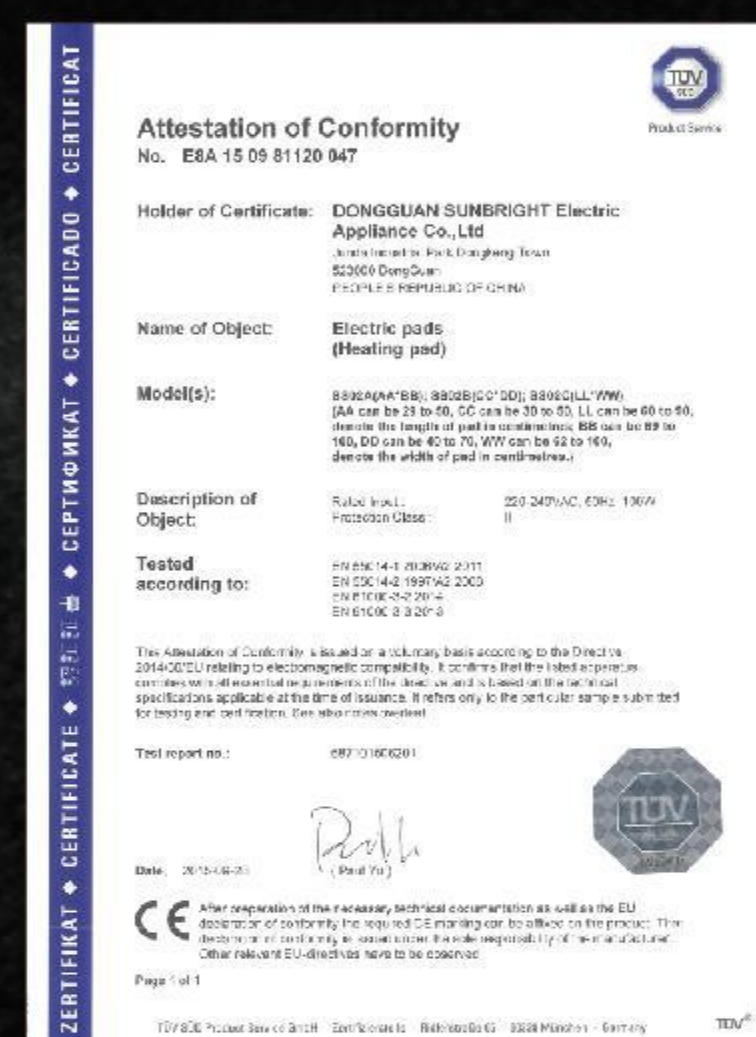

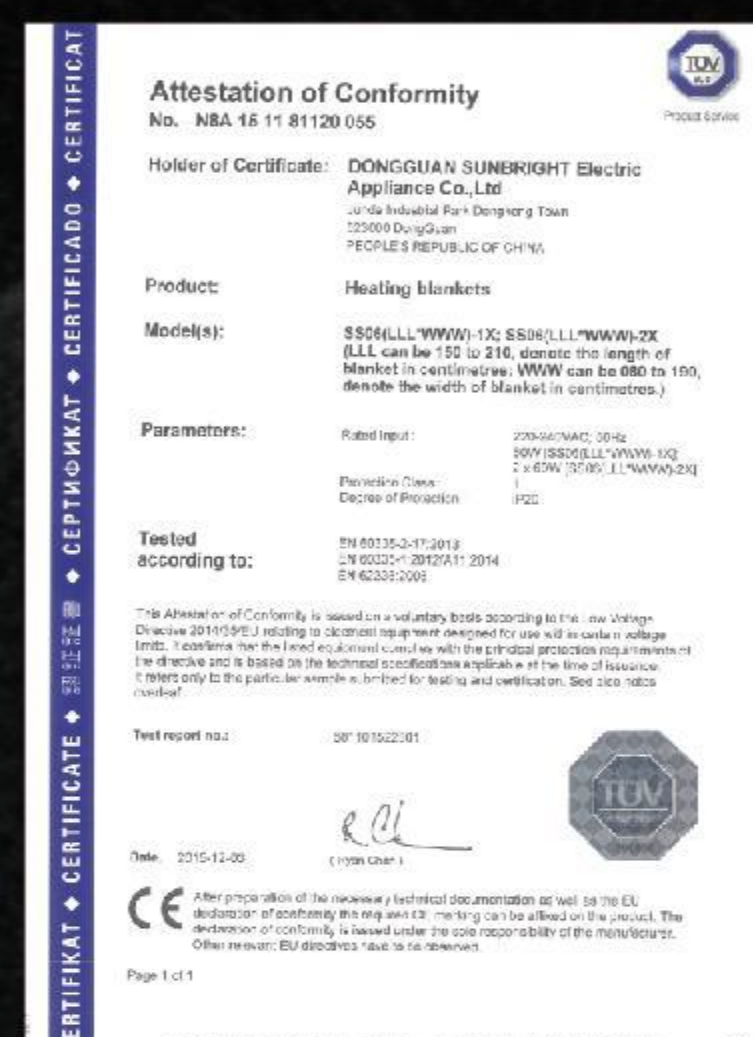

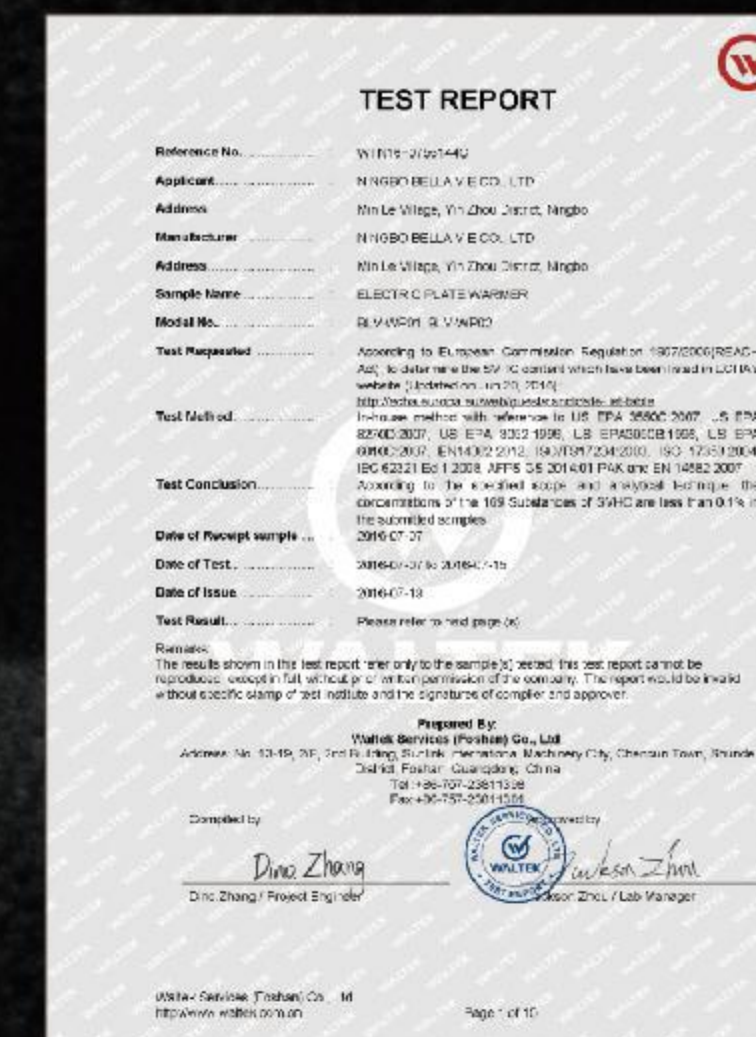

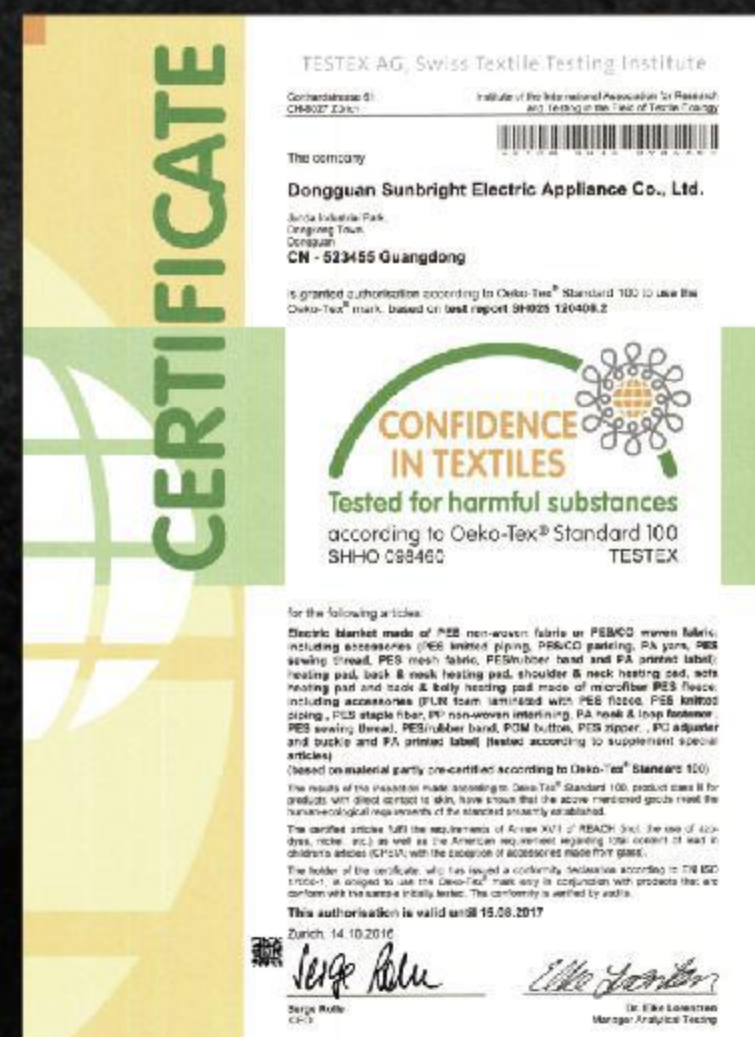

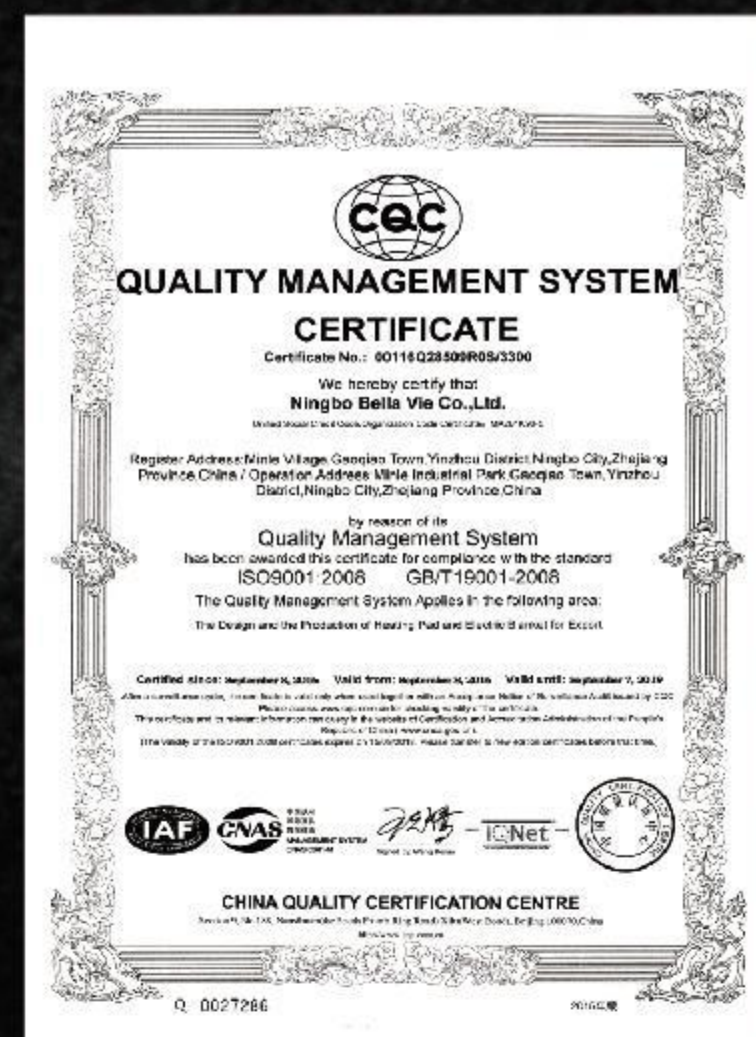

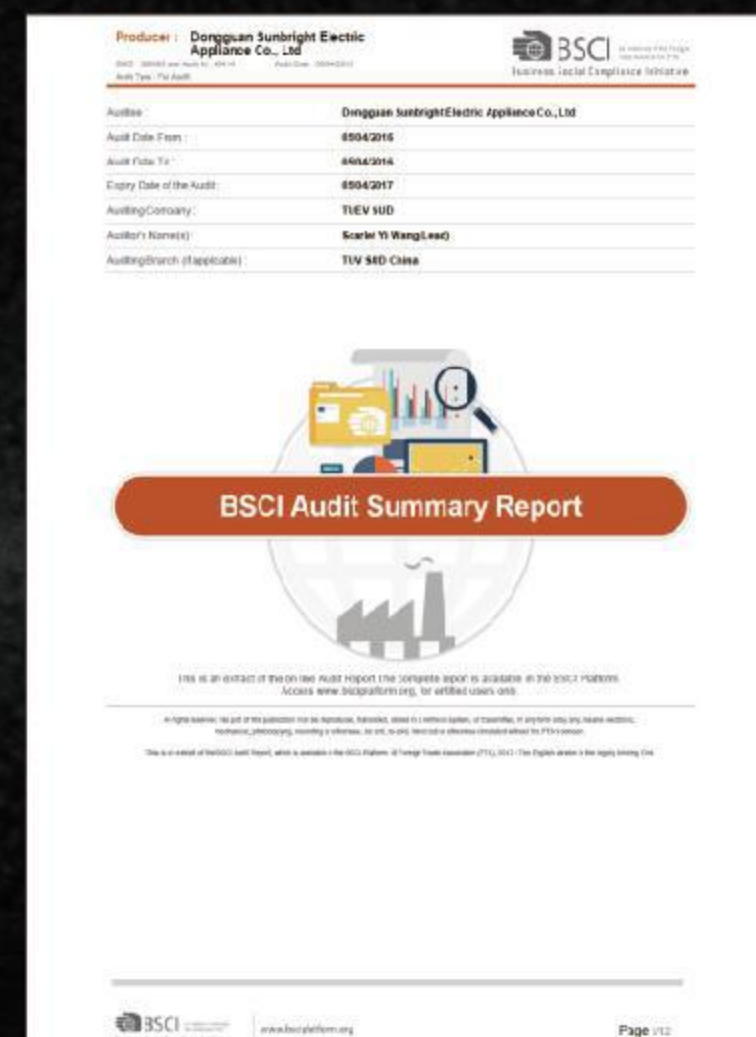

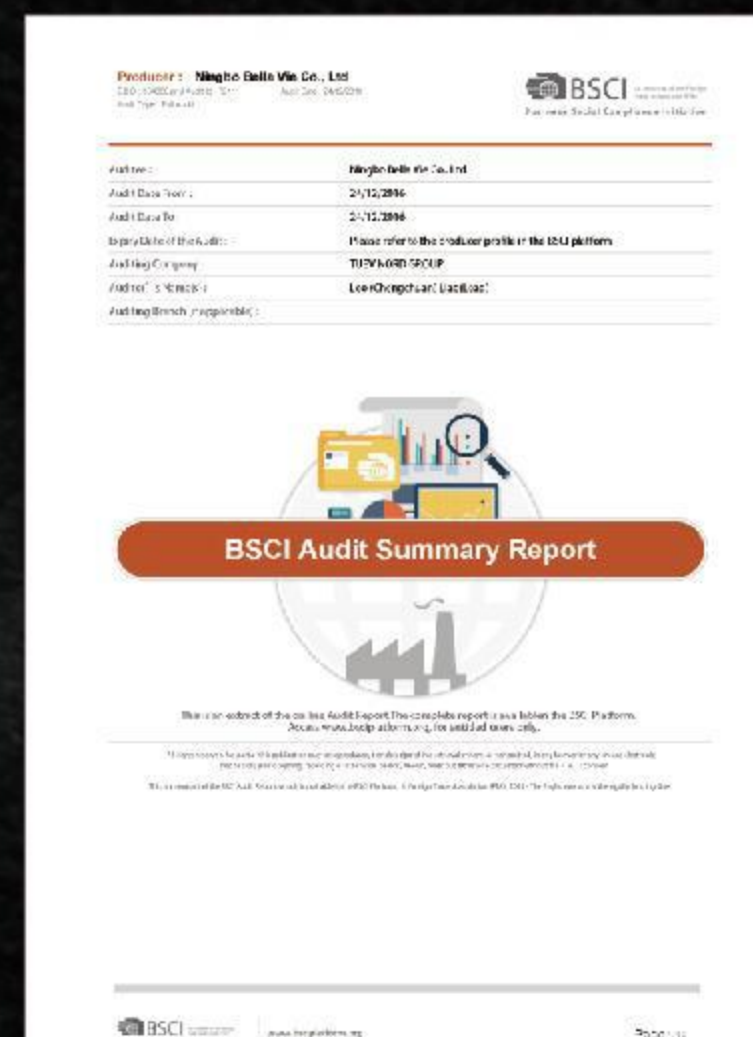

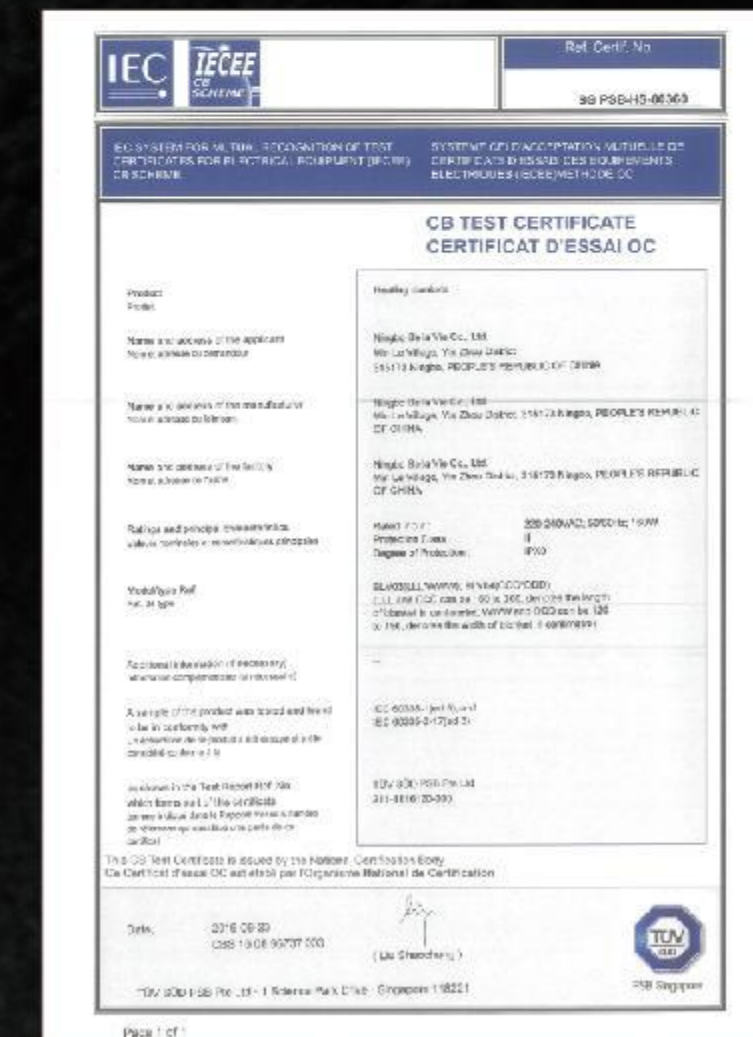

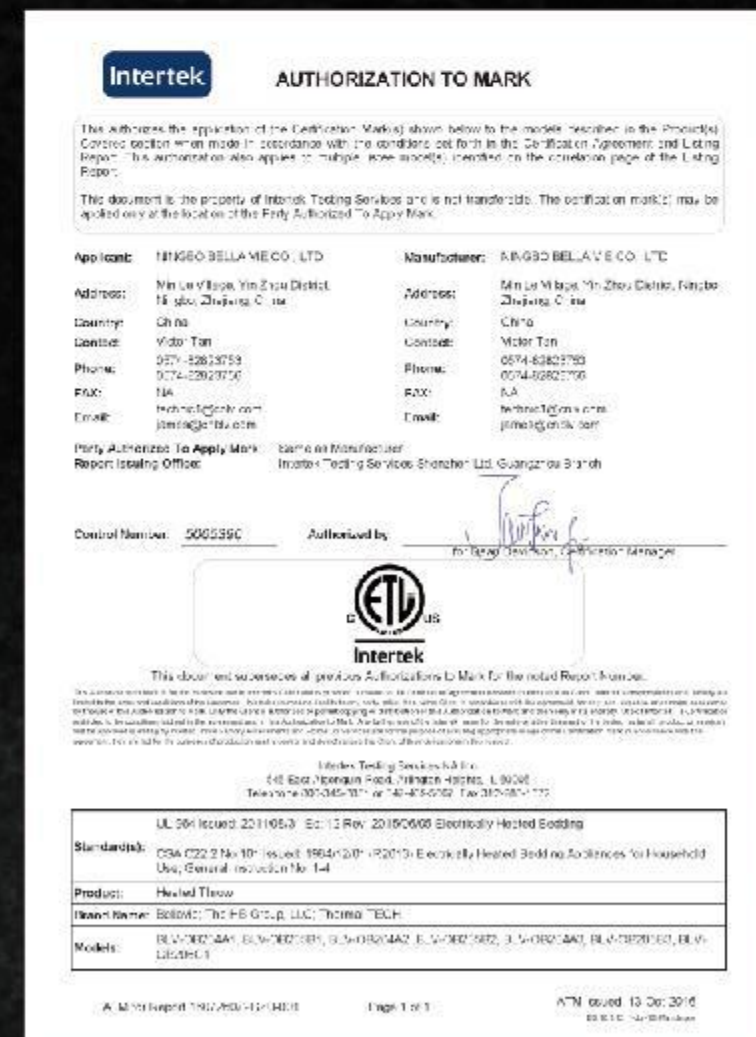

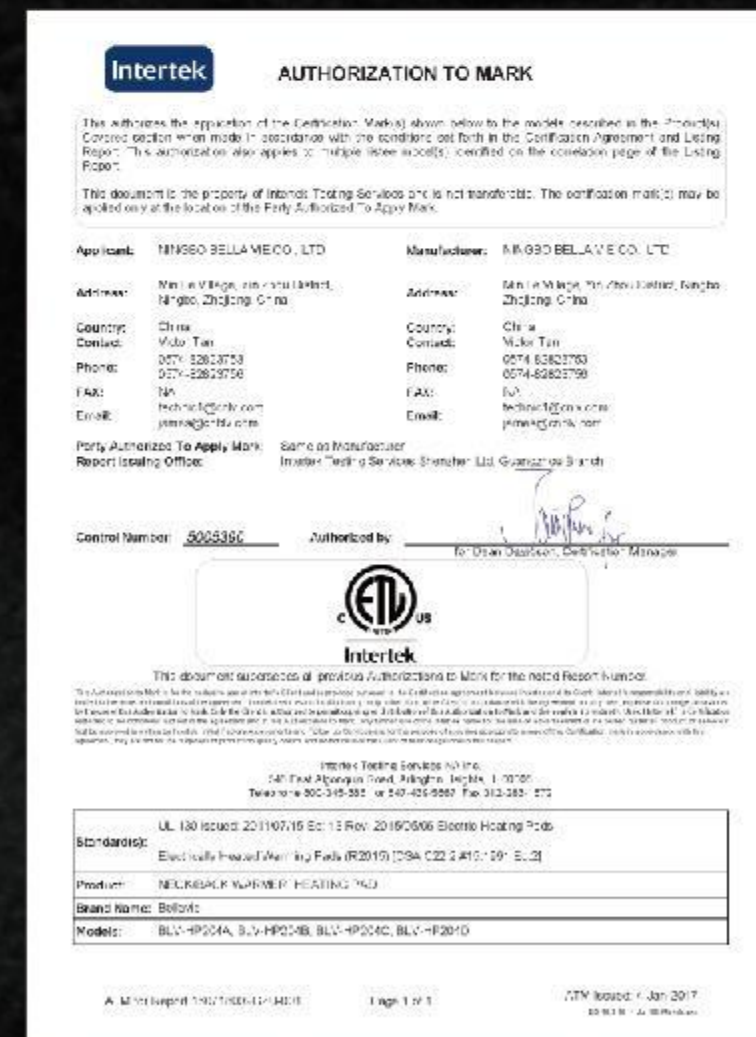

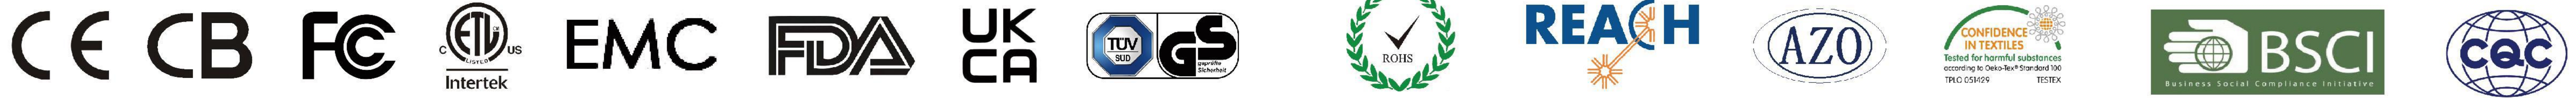

DONGGUAN SAINVIE HEALTH TECHNOLOGY CO., LTD.

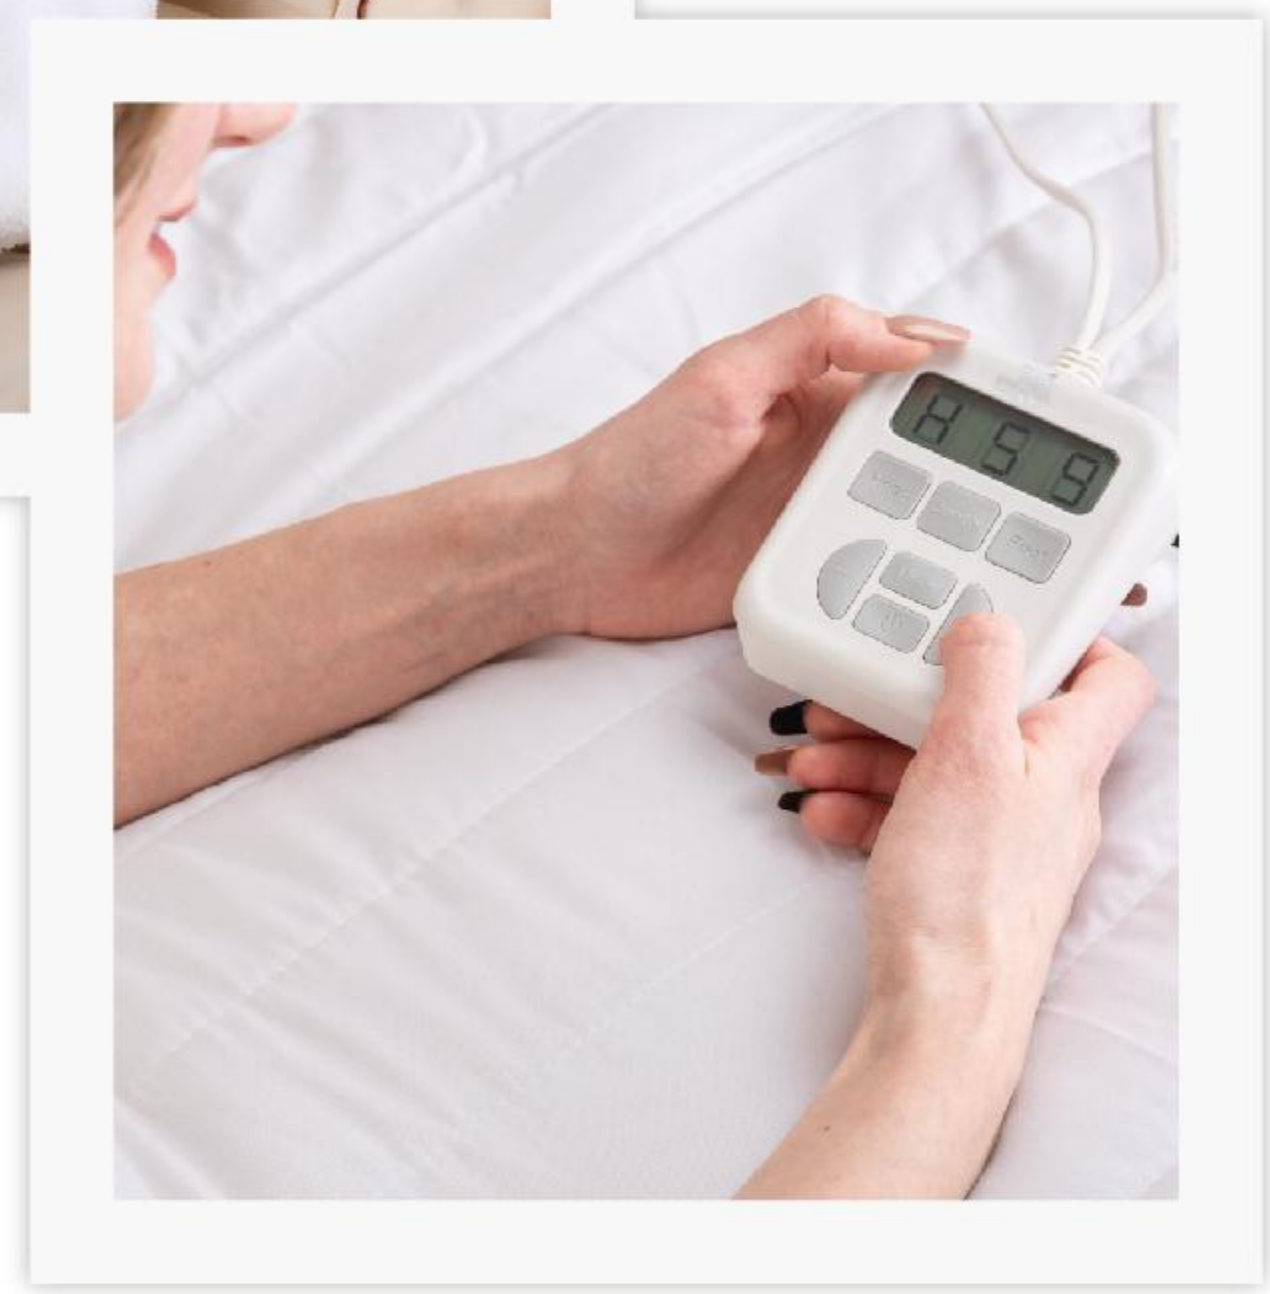

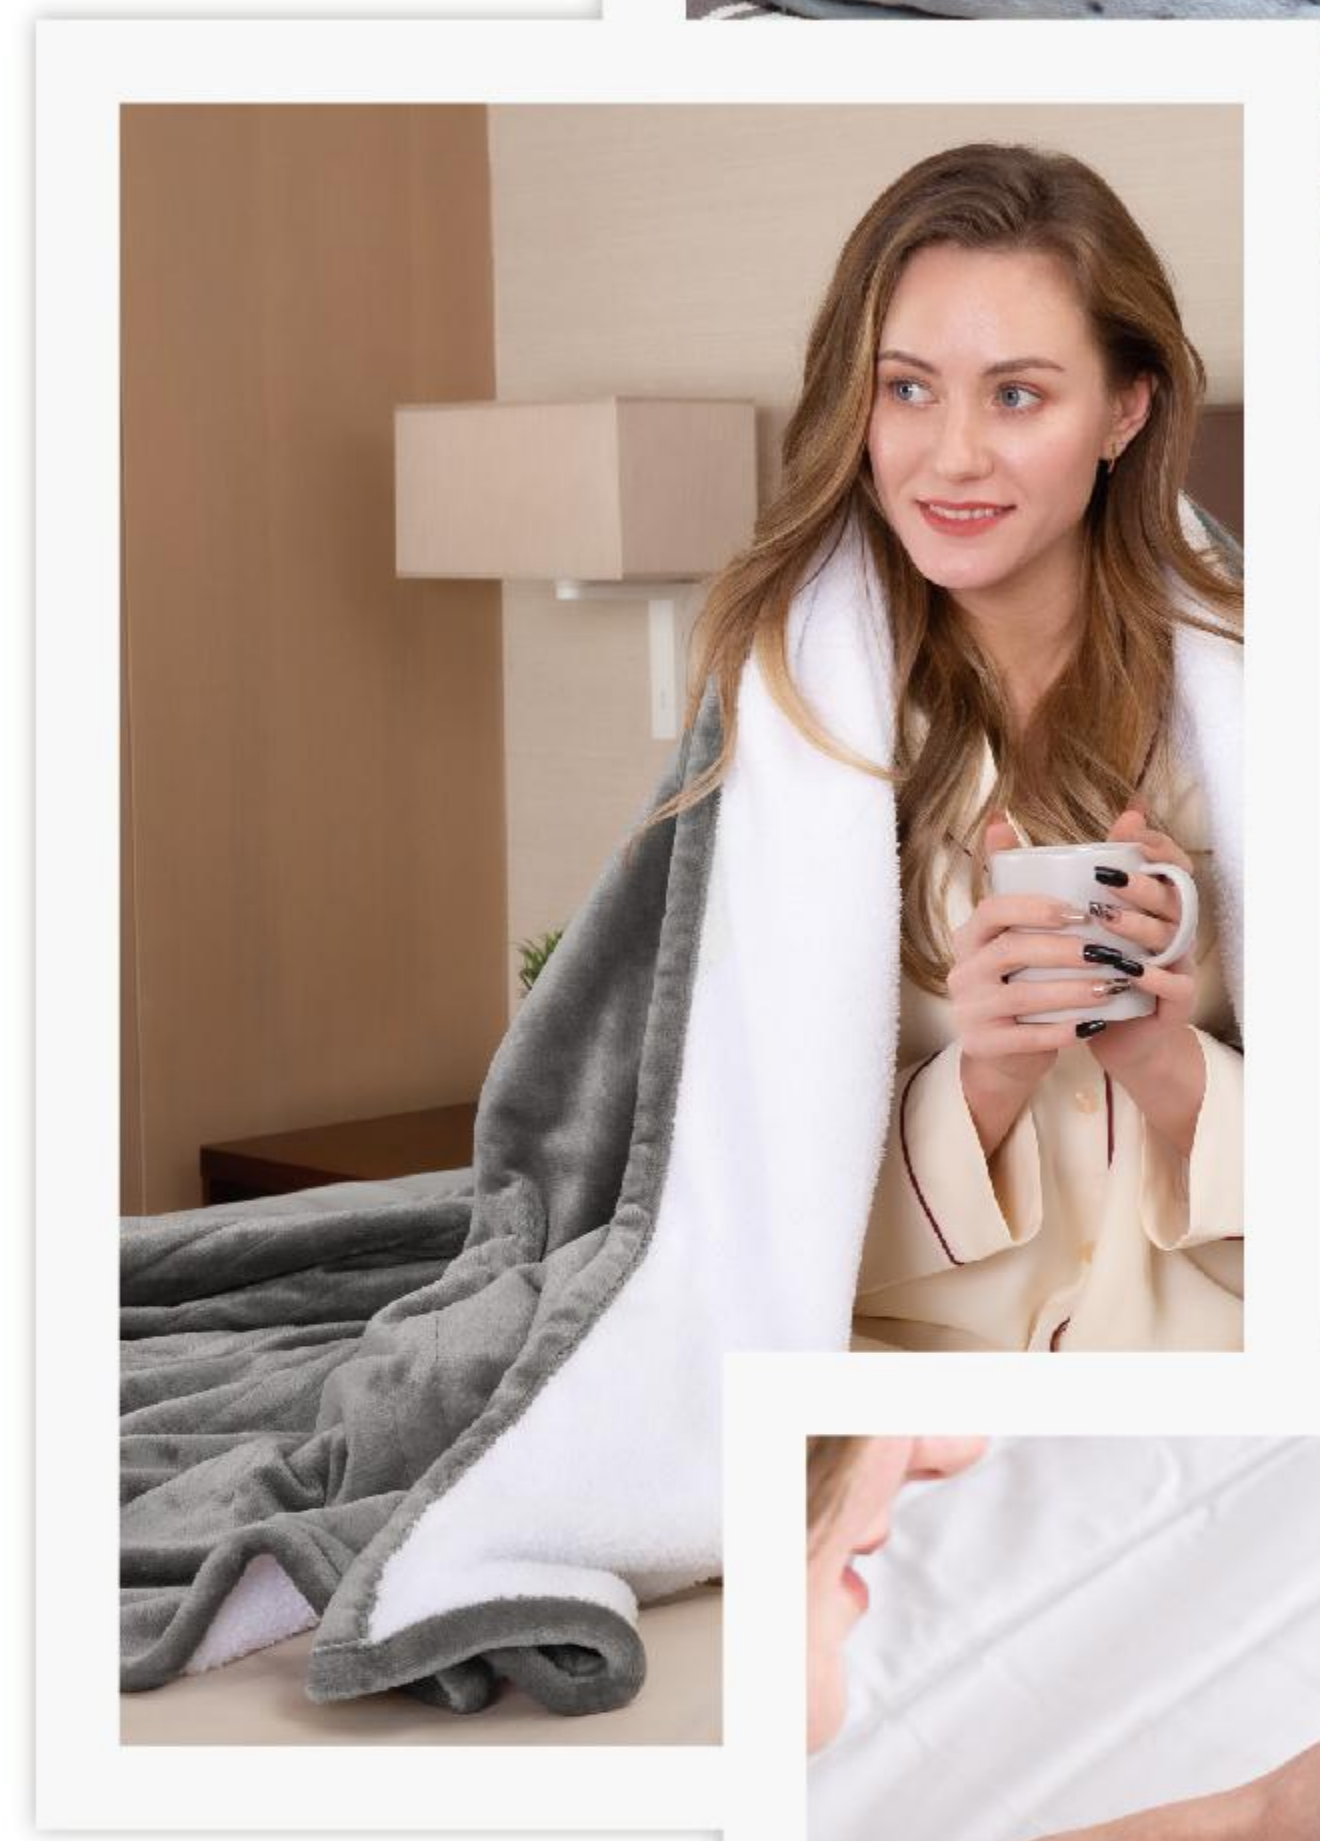

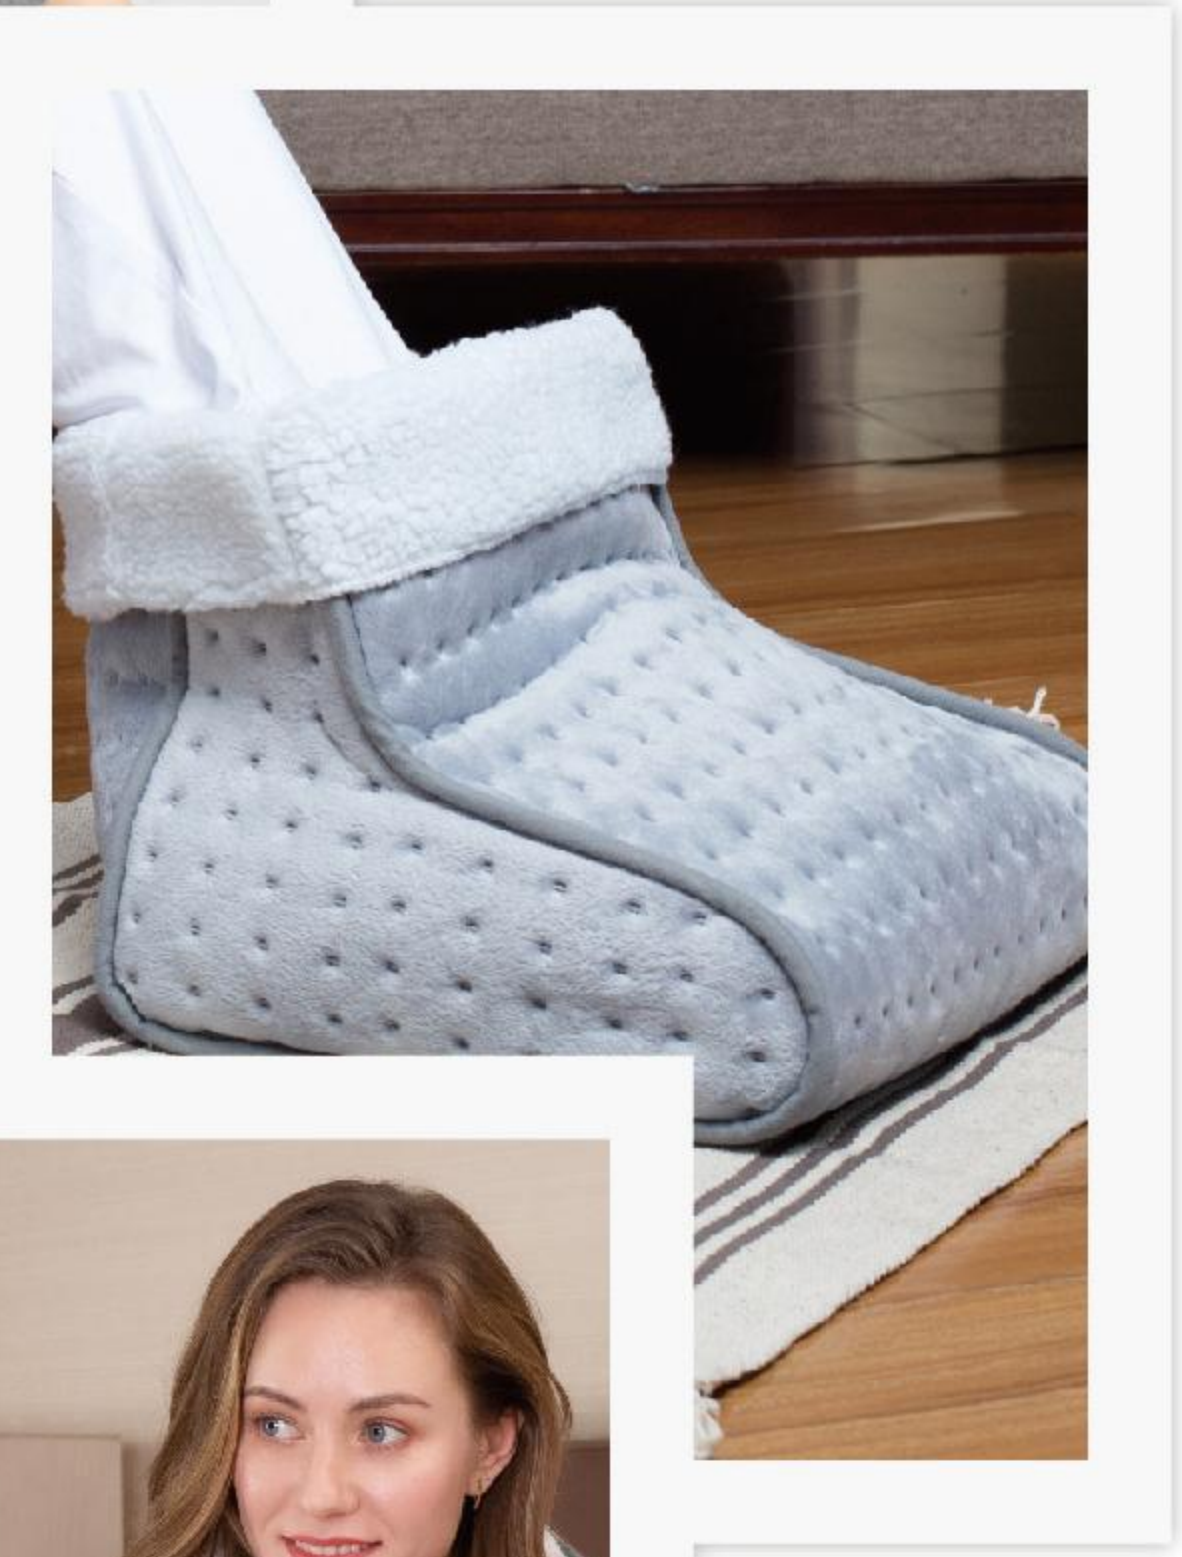

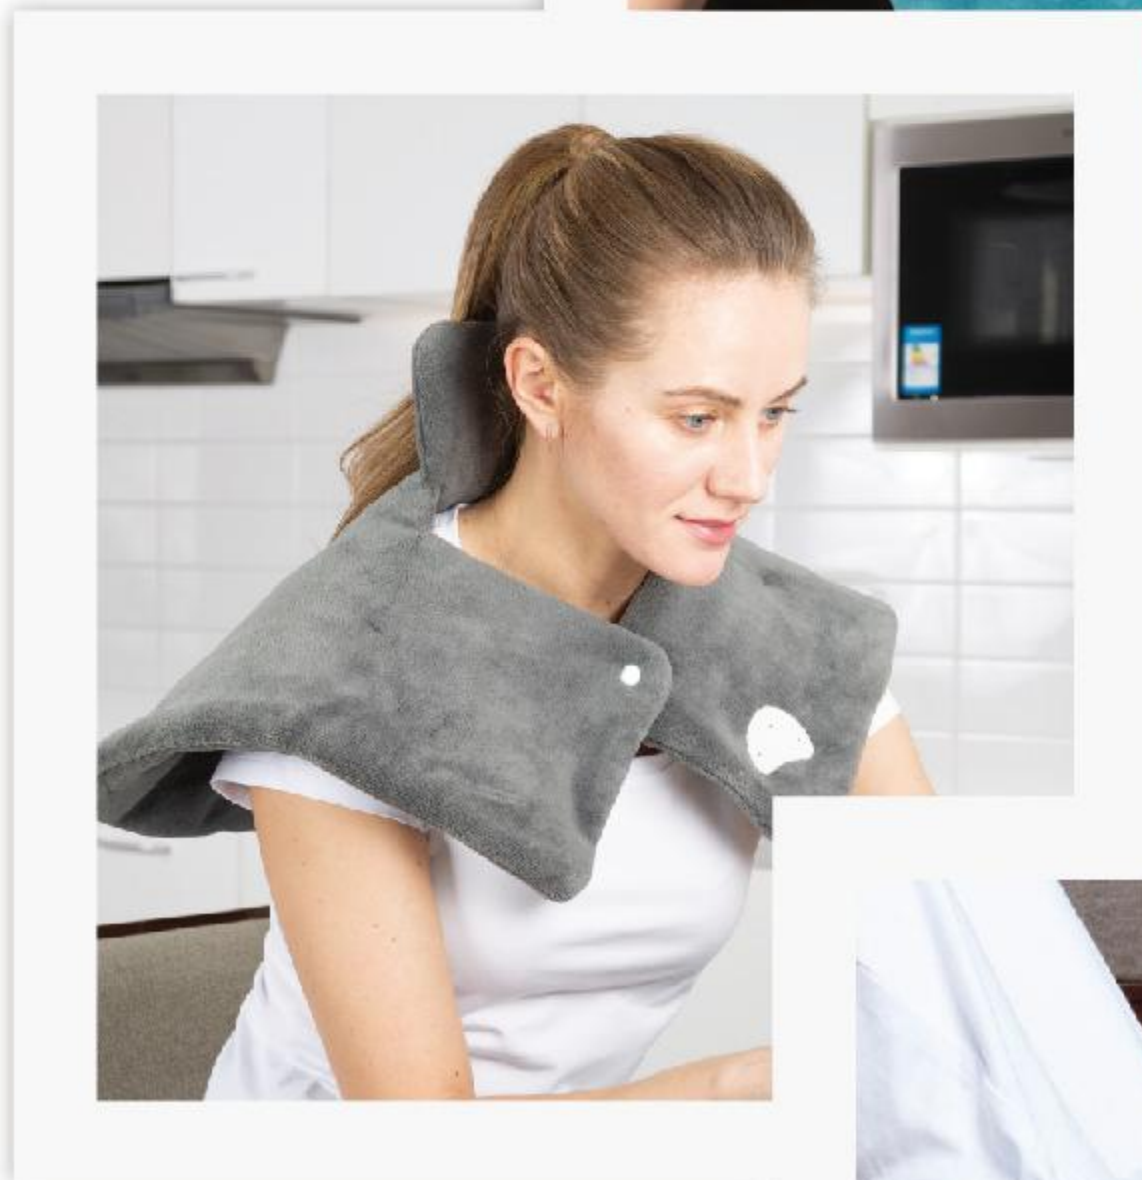

Xi'an Sainvie Health Technology Co., Ltd. and Dongguan Sainvie Health Technology Co., Ltd. are group companies. We are the leading supplier in China for electric heating products. We focus on production of 110V heating items to North America market with ETL, CETL, FDA standard.

Dongguan Sainvie Health Technology Co., Ltd. is the production center, the plant area is 20000 sqm, has more than 150 professional staffs who are working at administration, purchasing, production, finance, QC, R&D, after-sales departments, and owns 25 sets of leading machines such as the quilting machine, automatic embroider machine, ultra-sonic welding machine, cutting machine, and other testing equipments, etc. The R&D centre was created to provide technological support, which has a professional engineer team and various professional testing equipments such as: the heating wire bending test, simulated marine environment test, heating pad bending, twisting & folding test, temperature test, aging test, running test, with same testing standard as TUV SUD, Intertek and other qualified testing labs.

We have the production ability at 3000-4000pcs heating products per day. In the peak seasons, the sufficient preparation, highly efficient production, vast warehouse could assure our customers timely delivery. With advanced production equipment, mature technology process, strict management system, and rich industry experience, we are not only confident in supplying qualified heating items to all of our customers, but also concentrating on offering continuous innovations and reliable service.

- **Material:** Super cosy flannel
- **Voltage:** 100-120V
- **Power:** 50W

- Washable due to detachable controller
- Fast heating and overheating protection (PTC+NTC heating system)

Neck Contour
The heating wrap is designed with an **ergonomic collar** that **fits well with neck contour**, which also prevents heat on the shoulder and back area from dissipating quickly.

Hands Free Design
The **buttons** keep the heating pad in place around neck and shoulder for hands-free enjoyment, which **maximizes comfort** as well as convenience.

Full Back Heating
The large heating pad spreads heat evenly over the **entire back** and waist. Slightly heavy edges will help the pad drape naturally while keeping it flat.

Flexible Wearing
Slightly heavy edges and two long **straps** fixing the heating pad securely on different users for comfort and warmth.
